Hon. Christopher Wray
Director
Federal Bureau of Investigation
935 Pennsylvania Avenue, NW
Washington, DC 20535

Dear Director Wray:

I am writing to follow up on a request I made at the May 16, 2019 classified briefing given to the Florida Congressional Delegation on the successful efforts by foreign powers to gain access to Florida's election systems.

We are grateful to have received that important information, but I believe much more of this information can and should be shared with Florida voters and the American people. While we have been informed that the networks of only two Florida counties were successfully infiltrated, the information regarding these hacks has a much larger significance for election security across the country. That is why I asked that you reconsider your decision to share with the public only some of the important information we discussed last week.

There is no doubt these efforts to infiltrate our election systems will continue into the 2020 election and beyond. The American people need this information so they can take the necessary precautions to shore up their networks and feel confident in the legitimacy of their elections.

Thank you for your attention to this matter.

Sincerely,

Ted Deutch
